The Princess Bridal & The Princess Bridal ‘Off the Rack’ COVID-19 Update

The Princess Bridal & The Princess Bridal ‘Off the Rack’ Are Open

The Princess Bridal and The Princess Bridal "Off the Rack" are happy to announce we have resumed business at 50% to 75% capacity. The Princess Bridal remains committed to safeguarding the health and well-being of our customers, employees, contractors and surrounding communities.

To remain in compliance with the Harris County Mask Order announced June 23rd 2020, both The Princess Bridal and The Princess Bridal “Off the Rack” will require brides and their guests to wear protective masks while visiting all common areas in the boutique. Wearing masks while inside the socially isolated fitting rooms is at the discretion of the bridal party. Employees will continue to wear masks at all times.

In an effort to keep our employees safe, we are discontinuing the complementary wine and champagne service. We apologize for any inconvenience this will cause but the safety of our employees and customers is our primary goal.
